## **KEN MORIYAMA OF LEVITON APPOINTED TO CABA BOARD OF DIRECTORS**

September 10, 2002

The Continental Automated Buildings Association (CABA) is pleased to announce the appointment of Ken Moriyama of Leviton Manufacturing to the CABA Board of Directors.

CABA is a nonprofit industry association that provides information, education, and networking to help promote advanced technologies for the automation of homes and buildings in North America.

"Our organization will greatly be enhanced by the vision and leadership that Ken Moriyama will contribute," said Ronald J. Zimmer, President & CEO of CABA. "He brings a tremendous amount of knowledge and experience to the table in both the home automation and large building space."

Ken Moriyama is currently Vice President, Strategic Technology Development at Leviton Manufacturing/Leviton Integrated Networks.

While charged with the daily responsibility of maintaining operations and profitability, Moriyama's expanded role is that of a strategic technologist for one of the largest electrical manufacturers in the world. In addition, he has been the chief activist for bringing Leviton firmly into the residential systems business, and continues to work directly with homebuilders, distributors, installers and alliance partners of every type to ensure the company's long-term success in this area.

Previously, Mr. Moriyama held executive management positions with Teltone, Cahn Instruments and North American Rockwell.

Mr. Moriyama holds BSEE and MSEE degrees from the University of Hawaii. He is also a Past President and Treasurer of the university's alumni association, Pacific Northwest region.

### **About CABA**

The Continental Automated Buildings Association (CABA) is a leading industry association that promotes advanced technologies in homes and buildings in North America. More information is available at [www.caba.org](http://www.caba.org).
