CABA TO HOLD INTELLIGENT BUILDINGS DESIGN SEMINAR WITH BUILDING INTELLIGENCE GROUP AT AHR DALLAS

December 22, 2006

Intelligent buildings provide improved comfort and productivity while reducing energy and operating expenses. This seminar is focused on the design and implementation of these projects. As an owner, contractor, supplier or design professional, you will find this to be a valuable day spent learning details on the key elements that make up an intelligent building. Nationally recognized industry leaders will present, show case studies, and conduct workshops that will help you develop the skills needed to make your next project intelligent.

The seminar will be held on January 31, 2007 from 8:30 – 3:00 PM in Room D-167. There is an admission fee for this event. Go to www.buildingintelligencetour.com for more information and to register. Brought to you by CABA in cooperation with Building Intelligence Group.

About CABA

The Continental Automated Buildings Association (CABA) is a leading industry association that promotes advanced technologies in homes and buildings in North America. More information is available at www.caba.org.
