DAN HOGAN OF PANASONIC APPOINTED TO CABA BOARD OF DIRECTORS

May 17, 2007

CABA is pleased to announce the appointment of Dan Hogan of Panasonic to the CABA Board of Directors.

By joining CABA's Board, Hogan has joined an elite group of industry leaders who promote advanced technologies for the automation of homes and buildings in North America and throughout the world.

Dan Hogan is President of the Panasonic Home & Environment Company, a subsidiary designed to expand the range of products and services Panasonic offers to homebuilders, residential renovation contractors and their suppliers.

Previously, he was Director of Panasonic Boston Laboratory, the only pure hardware corporate R&D lab maintained by Matsushita Group outside of Japan. The lab's core competence is lasers and optics; with special emphasis on ultrashort pulse laser processing and micro-optics design and fabrication.

Hogan received his BS from Monash University in Melbourne, Australia and his Ph.D. in Experimental Physics from Oxford University in the United Kingdom.

Ronald J. Zimmer, CABA President & CEO commented: "I am delighted to welcome Dan Hogan to CABA and I know that his breadth of experience will be invaluable in achieving our strategic objectives."

About CABA

The Continental Automated Buildings Association (CABA) is a leading industry association that promotes advanced technologies in homes and buildings in North America. More information is available at www.caba.org.
