## **Pella Corporation Joins CABA Board of Directors**

June 19, 2012

The Continental Automated Buildings Association (CABA) is pleased to announce that Pella Corporation has joined its Board of Directors.

Pella Corporation is a leader in designing, testing, manufacturing and installing energy-efficient windows and doors for new construction, remodeling and replacement needs for residential, as well as light and heavy commercial applications in North America and select countries overseas.

Pella's Senior Director of Advanced Engineering and Quality, Larry Ehlinger, represents the company known for innovation on the CABA Board. Ehlinger oversees advanced technology, quality, and business development at Pella.

"I am very pleased to welcome Larry Ehlinger and Pella Corporation to the CABA Board," said Ronald J. Zimmer, CABA President & CEO. "Mr. Ehlinger's appointment brings additional technology and business development expertise to our association."

Ehlinger joined Pella Corporation in October 2002 as Director of Manufacturing Engineering, responsible for custom machine design and build, corporate process engineering, and the company's continuous process improvement engineering.

Ehlinger earned a Bachelor of Science degree in Mechanical Engineering in 1986 from Iowa State University and a Master of Science degree in Engineering Management from the Milwaukee School of Engineering in 2001.

"I am honored to serve on CABA's Board," said Ehlinger. "CABA equally advances systems integration and automation in both commercial buildings and residential homes markets. Joining the progressive leaders and industries actively involved in CABA helps enhance the industry and drives innovation."

### **About CABA**

The Continental Automated Buildings Association (CABA) is a leading industry association that promotes advanced technologies in homes and buildings in North America. More information is available at <http://www.caba.org/>.

### **About Pella**

As a family-owned and professionally managed privately-held company, Pella is known for its 87-year history of making innovative products, providing quality service and delivering on customer satisfaction. Headquartered in Pella, Iowa, the company is committed to incorporating

new technologies, increasing productivity and practicing environmental stewardship to create satisfied customers.

Pella manufactures quality windows, patio doors and entry door systems sold through a Direct Sales Network operating Pella Window & Door Showrooms across the United States and Canada and select building materials retailers.
