CABA to hold next Forum event in San Diego

October 26, 2015

The Continental Automated Buildings Association is pleased to announce that its next Intelligent Buildings & Digital Home Forum will be held April 28-28, 2016 in San Diego. CABA's event, will be held in conjunction with LIGHTFAIR International 2016, North America's largest annual architectural and commercial trade lighting show.

Program information and registration for attendees is now open online at: <http://www.caba.org/forum> and highly discounted early bird pricing and hotel rates will be in effect for a limited time.

CABA's Intelligent Buildings & Digital Home Forum brings together leading organizations involved in the integration of intelligent building systems and connected home technologies. CABA estimates that over 150 industry stakeholders will gather to discuss current trends in the intelligent and integrated buildings and connected home sectors.

CABA's Forum will be an opportunity to attend the organization's Council meetings and network with the majority of CABA Board of Directors during the entire event. The Forum will also feature evening networking receptions. The majority of CABA's Board members will be in attendance due to a regularly scheduled Board meeting held in conjunction with the Forum.

The event, to be held at the Handlery Hotel San Diego, will feature exclusive track sessions and workshops that examine the impact of the Internet of Things (IoT) and cybersecurity on intelligent buildings, consumer demands for privacy and trust in connected homes, interoperability between competing standards and protocols in commercial buildings and connected home market channels. The event will also feature exciting intelligent building and smart home facility tours, which will include some of San Diego's most notable connected homes and large buildings.

"CABA is pleased to bringing together leading organizations involved in the integration of intelligent building systems and connected home technologies through its Forum event," stated Ronald J. Zimmer, CABA President & CEO. "For nearly three decades, our organization has been in the business of bringing the industry together and we are very excited to have another opportunity to unite the best and brightest people and organizations in order to network and share essential market research."

Information on LIGHTFAIR International, a CABA endorsed event, can be found at: <http://www.lightfair.com>. For more information about attending or sponsoring the event, please contact George Grimes at 613.604.4489 or grimes@caba.org.

About CABA
